* Note.—No-where statistical approximation can be given to the Number of Tenants and Sub-Tenants finally turned out of their holdings. But it is to be remembered that this approximation may be considerably in excess of the number permanently evicted, since this table merely shows the number of Tenants and Sub-Tenants turned out of their holdings, and not re-admitted on the same day, without giving any indication as to the number of these who may or may not subsequently be re-admitted as Tenants, Sub-Tenants, or Caretakers.

TABLE II.—NUMBER of Tenants whose Tenancy has been determined (1) under Section 7 of the Land Law Act of 1887 (i.e., those who, having received an Ejectment Notice, have been converted into Caretakers), and (2) of Tenants and Sub-Tenants whose Tenancy has been determined under other processes of law at the suit of the Landlord, for the Quarter ended 31st March, 1894.

Number of Tenants and Sub-Tenants whose Tenancy has been determined under other processes of law at the suit of the Landlord, showing also the number of re- admissions in these cases as Tenants, Sub-Tenants, or Caretakers on the day of Eviction.

Note 1.—It should be noted that the number of re-admissions given in Column 9 only includes cases where the re-admission occurred on the day of eviction, and no indication can be given of the number who may afterwards be re-admitted.

Note 2.—The figures given in Column (1) have been obtained from the Superior Courts and from the Clerks of the Peace, and it is found impossible to furnish established information which would approach accuracy as to the number of Sub-Tenants who may be affected by the Ejectment Notices upon Tenants.
